KILLS BROTHER FOR BURGLAR

ALTO CANANT KILLED AS HE
ENTERED HOME AT
SLOCOMB

Last night about 10 o'clock, Spurgeon Canant shot and instantly killed his brother, Alto, at Slocomb, by mistake.

A burglar scare has been on in that town for some time, and when a younger brother heard someone trying to enter the Canant home last night, he awoke his brother, Spurgeon Canant, and told him that a burglar was trying to enter the room. The young man rose hastily and fired a load from a shotgun through the door, killing his brother, who had been down town and was returning to his room.

The young man who was killed, was about 21 years of age and the other about 18.

The body of the young man was buried this afternoon at Slocomb.

Mr. and Mrs. Charles R. Strippling, who were married here on the 17th of this month, will return Sunday from their honeymoon trip to St. Louis, Chicago, and other western cities, and will spend a few days here with relatives and friends.

North Foster Street is graded part of the way and rolled, ready for the spreading of the cement, and this work will likely start tomorrow. If the weather conditions are good, they ought to be able to finish it in a week.

Mr. R. L. Cox's daughter on Headland ave. is quite sick.

MRS. A. G. DEAL DIES IN JACKSONVILLE, FLA.

Mrs. A. G. Deal, formerly of this city, but now of Jacksonville, Fla., died at her home last night after a very short spell of illness.

Mrs. Deal was taken sick Saturday night and was reported to be in a fair condition Monday, but death came during last night.

She had been with her husband on a visit to Dothan for several weeks until about a month ago, when they returned to Florida. They lived in Dothan several years and are well known here.

Mrs. Deal was a daughter of Mr. and Mrs. G. M. Mansil, of this city. Mr. Mansil left this morning for Jacksonville over the A. C. L. and will accompany the body back to Dothan, where it will be entered in the city cemetery.

Besides many friends and relatives, Mrs. Deal is survived by her husband and two small children.

PUTTING THEM AT WORK

In any town of this size, there is more or less a crowd of loafers of whites and blacks, but always blacks. Some there be in this town who won't work for anybody. At this season of the year, the working class of negro women are either cooking, washing or picking cotton, or have other jobs to support themselves.

The mayor sent out an edict the other day through his policemen, to run in all who didn't have jobs. Several have been fined, and told that another appearance before him would put them at work in the cemetery, beautifying that place. He told them to tell folks that it was to go to work for some one, or take a job with the city.

HOUSTON COUNTY EXHIBIT FOR FAIR

By suggestion offered by Secretary Biggers of the Dothan Commercial Club, Mr. T. L. Blackwell, of Columbia, has arranged for an agricultural exhibit from Houston county to the Alabama Agricultural and Industrial Exposition which will be held in Montgomery October 19-28.

Houston county has never had an exhibit at any state exposition and an effort will be made to have this, her first one, a winner.

Mr. Blackwell has informed Mr. Biggers that he has arranged with interested parties to have an exhibition at this year's fair, but states that no funds have been raised to pay the freight charges on the products. This is up to the citizens of Houston county, and if the necessary amount is raised in time, the exhibit will be made. The instigators of the move think that public subscription is the best way to raise the money, and this method will likely be adopted.

Dothan shall be expected to furnish the majority of the transportation charges.

FARM LOANS

Several thousand dollars to loan at once on improved farm lands in Southeast Alabama. No delays and losing time. Seven per cent interest. We have a special inspector to look at the land as soon as the application for the loan is made.

Dothan Land and Development Company, L. G. Biggers, Sec. Opposite new Postoffice, phone 428. One mo Oct 20.

THE ALABAMA AGRICULTURAL AND INDUSTRIAL EXPOSITION.

J. A. Wilkerson Commissioner of Agriculture is sending our letters to the farmers in all points of the State urging them to get their samples from prize acres by October 1st, in order that they may be available for an exhibit at the Alabama Agricultural and Industrial Exposition at Montgomery, October 19-28th. Mr. Wilkerson states that he is very live and urges that the best samples that be secured be sent in. Shippers are advised to be very careful in packing so that the corn will not shell off and that such things as potatoes are not bruised.

L. S. Duncan of Auburn faculty who is promoting the Boy's Corn Club in all places of the State will have a display selected from about two thousands acres, that many boys and that many acres now in the contest which is conducted under his supervision. Mr. Duncan is working under the direction of the Department of Agriculture and giving special attention to the development of the Corn Club ideas.

J. C. Philips of the National Demonstrative Works states that there will be quite a number of members in the hundred Bushel Club of Alabama for this year. All farmers who raise as much as 100 bushels to the acre are eligible to membership in this club. There are twice as many this year as last and all those interested in corn raising believe it will soon become a very common thing to make 100 bushels to the acre on Alabama land.

All this is specially interesting because the very best selection of the corn will be shown at the Alabama exposition at Montgomery. In addition to the corn itself, there will be lectures and demonstrations so that all who desire to become familiar with the method by which these large crops are raised, may do so while enjoying the many other attractions which the exposition will provide.

INDIANS FLEE IN MAD TERROR

Flagstaff, Ariz., Sept. 27.—A territory fifty miles square, and extending from here to the Grand Canyon of the Colorado, tonight stands practically depopulated because of earthquakes and rumblings, which, beginning Saturday, are steadily increasing in magnitude and violence.

Indians, of whom there were many in the region, fled when the quakes began, terrified by sinister reports which they imagined to be contained in the cracking of the ground. The whites remained until their houses fell about them.

J. B. Chavez, the first of the refugees to reach Flagstaff, reported that his house had cracked open. Others who arrived later reported that volcanic stones weighing many tons had been torn from their beds and sent down the mountain sides, and that the whole district was in a state of unrest.

The district is of volcanic origin. The phenomena is attributed to a "slip" in the earth.

REBATE ASSOCIATION BEGINS WORK TODAY

The Merchants Rebate and Protective Association of Dothan will begin work tomorrow and customers living out of the city will have their railroad fares refunded them in case they spend the required amount with the members.

The rebate coupons and books and other literature arrived in the city today and the secretary, L. G. Biggers, is distributing them among the members.

The association was organized several weeks ago, but has never begun operation until today on account of not having the necessary coupons.

For each dollar spent by a customer living ten or more miles from Dothan, he will be given a coupon entitling him to one mile rebate from the association. In case he lives forty miles from Dothan and spends as many dollars with the members of the association, his railroad fare will be refunded.

A blank is given the customer and each merchant puts on it the amount spent at his establishment. This blank is taken to the office of the secretary in the Farmer-Crawford building and the fare is refunded at the rate of one mile for each dollar spent.

TARRED AND FEATHERED

Columbus, Ga., Sept. 27.—As a result of the alleged misconduct of a man reported to be a well known citizen of Phenix City, Ala., a number of unknown persons took him in charge at 8:30 o'clock tonight, in Girard, Ala., and administered a coat of tar and feathers. The name of the man was not made public.

DOUGHT TO HAVE SUPPORT

The Campbell Institute of Shorthand and Accounting will open for business Monday morning with a fairly good list of students. This town and the towns in this territory, ought to support a good business college, and this institution ought to thrive under the management of Mr. Campbell, who is a practical business college man. Every boy and girl, who feel that at any time in the future they will need business training, should take a course in one of the branches. Every boy ought to learn to keep books, and to write a plain, neat hand, and the use of the typewriter. Many boys ought to learn shorthand, for it is worth much to them in almost any business.

There is no use going to Atlanta, Columbus, Birmingham, or any other city for the same class of training that can be had right here in Dothan. If the young man or woman masters the course thoroughly, they will have but little trouble in securing paying positions.

A Reliable Medicine—Not a Narcotic

Mrs. F. Marti, St. Joe, Mich., says Foley's Honey and Tar saved her little boy's life. She writes: "Our little boy contracted a severe bronchial trouble and as the doctor's medicine did not cure him I gave him Foley's Honey and Tar in which I have great faith. It cured the cough as well as the choking and gagging spells, and he got well in a short time. Foley's Honey and Tar has many times saved us much trouble and we are never without it in the house." Sold by N. B. McCullum.
